React

Profile

To obtain a challenging role as a front-end developer where I can leverage my skills and experience to deliver high-quality projects that meet the needs of users and stakeholders.

Experience

Front-end Developer, Rivaa inc — 2021-2022

Updated customers websites, ensuring that they were responsive, accessible, and visually appealing.

Collaborated with designers and stakeholders to implement new features and functionality on the websites.

Conducted regular testing to identify and resolve any cross-browser compatibility issues.

Utilized HTML, CSS, and JavaScript to update and modify existing website pages and templates

Front-end Developer, Ihualia Software SA de CV — 2020-2021

Worked with a team of developers to designing and establishing user-friendly websites, including an optimized email submission page, resulting in increased click-through rates for users and subsequently better service for customers.

Worked with React to create dynamic and interactive web applications.

Utilized Git for version control and collaborated with team members using Agile software development methodologies

Education

Tecnológico de Estudios Superiores de Ecatepec, México, eco. México — Software engineer, 2016-2021.

Skills

Strong proficiency in HTML, CSS, and JavaScript.

Experience using React and Redux to build web applications.

Familiarity with Git and Agile software development methodologies.

Strong attention to detail and problem-solving skills
